

Never alone...

Every mile I walked
You walked it too
Every puddle I waded
You also went through
Every grubby hand I wiped
You wore the marks they drew
Every tear I cried
Even those You knew

...in any lesson...

Every mile I'll walk
You already know
Every word I'll write
You're ready to show
Every time I'll fail
You planned a way to grow
Every praise I'll share
You know where they'll go

...I go through.

When I rush ahead
You'll be there too
If I dawdle along
You're there too
In my stubborn times
You wait there too
I'm never alone
Because You're there too
