

Thank You...

Thank You for the wind and rain
Thank You in the joy and pain
Thank You through my night and day
Thank You that You show the way

Thank You that I laugh and cry
Thank You though I'm scared to try
Thank You for I heard You call
Thank You when I miss and fall

Thank You if I don't see now
Thank You when I wonder how
Thank You that we wait to go
Thank You though I don't quite know

Thank You 'cause You keep my heart
Thank You when You make me part
Thank You for You're always You
Thank You that You love me too

Simply and forever Thank You
