

*Time Passes, Don't Let it Slip By*

*Today is Yesterday's Tomorrow.*

*Have you done the things you said you'd do?*

*If not, why not, what's keeping you?*

*Today is filled with new possibilities*

*Each life is just a brief span*

*Use it as wisely as you can.*

*Yesterday should not hold only sorrow*

*Hold a child, smell a flower*

*Live each moment as if it's your last hour*

*Tomorrow is always coming but never arrives*

*Few will remember the chores you left behind*

*Leave instead laughter, love, and faith to remind*

*Never put off 'till Tomorrow any love you could share Today*
