

Fire landed personally on everyone in the room with Jesus' disciples. I Witness News here reporting on this phenomenon. This fire didn't burn even a whisker on the longest beard there. Let's see if we can talk to one of His original disciples and get some insight on this.

Andrew, could we have a few moments of your time?

Sure, what do you need?

We, I mean my readers and I, would like a bit of information on what is happening here.

OK. I know you have been following the life of Jesus. I have even read an article or two of yours about His activities. Did you ever understand the reason Jesus came?

I know that it had something to do with all the other events that we witnessed throughout history. I have mainly been keeping tabs on the God group who put all this stuff in motion.

You're right when you say that God put all this in motion. But the reason behind everything that has happened is that God wants to spend time with you.

Why didn't He just ask? I would have been happy to grant Him an interview.

He did ask. He asked through His Son Jesus. Jesus came so that there would be a way for man to get to God. Without Jesus paving the way with His blood none of us would ever be able to meet with God and live to enjoy it. The message Jesus brought is going to spread far and wide. We are new in this too but we now have The Comforter that Jesus told us to wait for. That was what the flames were all about. I am on fire for Jesus.

Thank you Andrew for sharing that with us. I promise to keep learning about the truth Jesus shared with you guys. And I also promise to keep bringing you late breaking news through your very own I Witness News reporter.
